

## A UNIQUE FUNDRAISING CONCERT

## A TRIBUTE TO MAGEN DAVID ADOM FEATURING THE BEST CLASSICAL AND HASSIDIC WORKS OF MUSIC

**ROMAN AMPHITHEATER CAESAREA, JUNE 25,2024** 

## Dearest Bethsabée and Roland,

Words cannot fully express our gratitude and astonishment in light of your endless generosity and commitment to Magen David Adom.

The recent Hassidic music concert at the ancient ruins of Caesarea was a transcendent experience for the 4,000 attendees that resonated deeply with our shared history and faith.

As the melodies of our people soared over the ancient stones, these very ruins that once held Rabbi Akiva, whose unwavering faith led him to proclaim the Sh'ma even in the face of death. Just as Rabbi Akiva's cry of "Sh'ma Yisrael" echoed through the ages, the music from this concert will continue to resonate in the hearts of all who attended. You have helped us reclaim this space, turning it from a site of persecution into one of joyous devotion. Your gift allowed us to transform this place of historical suffering into a celebration of life, faith, and the enduring spirit of our people.

Your partnership goes far beyond this single event. Through your continued support, you are helping us saving thousands of lives in Israel. Each note played, each voice raised in song, is a testament to the vitality and resilience of our community – a resilience you help sustain every day.

May your generosity be a blessing, returning to you manifold. You have embodied the teachings of our sages, who remind us that saving a single life is akin to saving an entire world. Your impact ripples out, touching countless lives and generations to come.

With most profound appreciation and blessings,

Orly Ariel CEO Israeli Priends of MDA

## Magen Giborim

This exquisite miniature, a masterful rendition of David Susanna's renowned sculpture, captures the profound essence of the Shield of Heroes. Crafted from bronze and marble, and elegantly adorned with 24K gold, it stands as a symbol of both strength and spiritual fortitude.

The Shield of Heroes, a 6 meter tall significant landmark at Tel Hashomer, is a testament to the indomitable spirit of the Israeli soldiers who both bear and rely on the Shield of David. This duality—of carrying and leaning on the shield—embodies the unity and mutual dependence within the fabric of our nation. It speaks to the strength derived from faith and tradition, offering protection while being upheld by the valor of our defenders.

In the miniature, every detail resonates with meaning. The bronze symbolizes resilience and steadfastness, while the gold represents the purity of purpose and the sacred mission of our protectors. The marble base anchors the sculpture, signifying the solid foundation of truth upon which the shield—and our nation—stands.

The soldiers depicted with the shield reflect the sacred bond between the guardians and the guarded, the protectors and the protected. They not only carry the shield with unwavering dedication but also draw strength from it, illustrating the mutual reinforcement that defines our collective resilience.
